MATERIALS Sheesham framing; plywood storage Natural cane; chair upholstery	**ASSEMBLY** Professional bed assembly advised Supply and service per written order

Before first use

- Check all six pieces and fittings against your order. Keep packaging blades away from wood, cane and fabric.
- Use ROCO's product-specific setup instructions. Contact ROCO before continuing if fittings or instructions are missing.
- Overall sizes are not mattress-fit measurements. Confirm fit, supports and stability before use; custom sizes follow your order.

Everyday use

- Do not jump on furniture or climb bed ends. Keep pressure off cane; use chair seats, not arms.
- Lift beneath structural frames with enough help. Never drag or lift by drawers, handles or cane.

CARE & MAINTENANCE

Care for wood, cane and fabric

Care gently for the Sheesham framing, plywood storage, woven panels and chair upholstery. Follow the selected fabric care instructions, and ask ROCO before applying treatments.

Wood & storage panels	Dust with a soft, dry cloth. Use a barely damp cloth for light marks, then dry immediately. Keep water away from joints, panel edges and drawer interiors.
Woven cane	Brush gently or use a soft vacuum brush on low suction. Do not scrub, soak or steam the weave. Keep sharp objects and concentrated pressure off cane panels.
Chair upholstery	Vacuum gently and blot spills without rubbing. Follow the selected fabric instructions. Do not assume cushion covers are removable or machine washable.
Spills & cleaners	Blot spills promptly and dry wood. Avoid bleach, solvents, abrasives and harsh cleaners. Ask ROCO before applying oils, waxes, polish or stain treatments.
Movement	Empty storage before moving. Lift beneath sound structural frames with enough help. Never drag or lift by cane, drawers, handles or cushions; ask ROCO before dismantling.
Drawers & fittings	Open drawers gently and spread loads evenly. Do not force rubbing drawers or overtighten fittings. If joints loosen or supports shift, stop use and contact ROCO.

PLACEMENT & SUPPORT

Use your set with care.

Keep the set indoors on a dry, level floor, away from damp walls, heaters, open flames and prolonged sunlight. Allow access around the bed and room to open drawers.

Important precautions

- Arrange professional bed assembly using ROCO's workshop instructions. Confirm mattress fit and all required supports. Supply format and installation services follow your written order.
- Ask ROCO or a qualified installer to arrange suitable anti-tip restraints for storage furniture. Fixings depend on the wall; restraints are not assumed to be included.
- Open one dresser drawer at a time; keep heavy items low. Do not let children climb furniture or stand in drawers. Do not stand on chair arms or climb either bed end.
- Do not force connections or alter structural parts. If any piece rocks, a joint loosens or a support shifts, stop using it and contact ROCO.

Warranty guidance

Eligible solid-wood principal structures and chair internal wooden frames carry 24-month manufacturing-defect coverage. Plywood structural assemblies, standard hardware, chair foam, fixed seat supports and upholstery workmanship carry 12 months; eligible fabric and indoor finishes carry 6 months. Indoor cane terms follow your written order.

Coverage normally starts at delivery. Normal wear and damage from moisture, misuse, unsuitable cleaning or unauthorized alteration are generally excluded. Claims are assessed, with adjustment or repair considered before replacement. The applicable policy and written order govern.

ROCO CUSTOMER CARE

Need assistance?

Contact ROCO if any piece does not look, feel or perform as expected. Your order details and clear photographs help us assess the concern.

When to contact us

- Report visible transit damage or wrong/missing items within 48 hours of delivery.
- Report installation, levelling, alignment or missing-fitting concerns within 7 days. These inspection windows are not the full warranty period.
- Report hidden manufacturing defects during the applicable warranty period. Stop using any unstable or damaged piece until ROCO advises you.

What to share

Share your order or invoice number, affected piece, size and finish, delivery location and a brief explanation. Include photos of the complete piece and affected area, plus video for movement or noise. Contact ROCO before arranging repairs or returns.
