BED FRAME Solid Sheesham structural frame Black or Beige finish	**CANE PANELS** Tall headboard and raised footboard Natural cane webbing
FINISH OPTIONS Black or Beige As confirmed for your order	**ASSEMBLY** Partial assembly when sectional Service only where order confirms

Before first use

- Check supplied sections and fittings against your order. Keep packaging blades away from wood and cane.
- Follow ROCO's product-specific setup instructions. If parts or instructions are missing, contact ROCO before continuing.
- Overall sizes are not mattress-fit measurements. Confirm mattress fit, secure fittings and supports before use.

Everyday use

- Do not jump on the bed or climb on either end. Keep concentrated pressure off the woven panels.
- Never drag the bed or lift it by the cane panels. Ask ROCO about dismantling; lift structural sections with enough help.

CARE & MAINTENANCE

Care for wood and cane

Clean the Sheesham frame and cane gently, protecting the woven panels at both ends. Follow the mattress maker's care instructions. Ask ROCO before applying treatments to the wood or cane.

Wood frame	Dust with a soft, dry cloth. For light marks, use a barely damp cloth and dry the wood immediately. Ask ROCO before applying oils or polish.
Woven cane	Brush dust gently from both headboard and footboard panels. Use a soft vacuum brush on low suction carefully. Avoid scrubbing, soaking or steam cleaning.
Spills & cleaners	Blot spills promptly. Keep liquid away from joints and dry affected wood. Avoid bleach, solvents, abrasive pads and harsh cleaning products.
Placement	Keep the bed indoors, away from damp walls, standing water, heaters and prolonged sunlight. Keep the floor dry and the room ventilated.
Movement	Do not push feet or heavy objects against the cane. Never drag the bed or lift it by woven panels. Ask ROCO about dismantling; lift structural sections with enough help.
Bed fittings	Check fittings periodically. If a joint loosens, a support shifts or the frame becomes unstable, stop using the bed and contact ROCO before adjustment.

PLACEMENT & SUPPORT

Use your bed with care.

Use the bed indoors on a dry, level surface. Allow comfortable access around the frame and raised footboard.

Important precautions

- Keep the bed away from damp walls, water sources, heaters, open flames and prolonged direct sunlight.
- Do not let children climb either end or play with fittings. Protect the cane headboard and footboard from sharp objects and concentrated pressure.
- Partial assembly is required when delivered in sections. Assembly service is included only where confirmed in your order. Follow ROCO's setup instructions.
- Confirm mattress fit, secure fittings and all required supports. Do not force connections or alter structural parts. Stop use if the bed becomes unstable.

Warranty guidance

For eligible manufacturing defects, coverage is 24 months for the qualifying solid Sheesham structure, 12 months for installed standard hardware and 6 months for ROCO-applied indoor finish. Cane-panel terms follow your written order. Coverage normally starts on delivery.

Normal wear and damage caused by moisture, misuse, unsuitable cleaning or unauthorized alterations are generally excluded. Claims are assessed, with adjustment or repair considered before replacement. The applicable policy and written order govern coverage.

ROCO CUSTOMER CARE

Need assistance?

Contact ROCO if your bed does not look, feel or perform as expected. Clear details help us assess the concern.

When to contact us

- Report visible transit damage or wrong/missing items within 48 hours of delivery.
- Report installation, levelling, alignment or missing-fitting concerns within 7 days. These inspection windows are not the full warranty period.
- Report hidden manufacturing defects during the applicable warranty period. Stop using an unstable or damaged bed until ROCO advises you.

What to share

Share your order number, bed size and finish, delivery location and a brief explanation. Include photos of the complete bed and affected area, plus video for movement or noise. Contact ROCO before arranging repairs or returns.
