OWNER'S MANUAL

Cosmo Bed

An upholstered headboard with vertical channels, a black finish and gold-tone detailing. Keep this guide with your written order for the selected size, materials, fabric and custom details.

Black and gold-tone finish shown.
Bedding is illustrative.

Product at a glance

SIZE OPTIONS	MATTRESS FIT
King: CB-544-KG Queen: CB-544-QN	Opening and mattress size As stated in your confirmed order
CONSTRUCTION	**HEADBOARD**
Wood-and-panel bed frame Selected materials per written order	Padded, vertically channelled Upholstery per confirmed order
VISIBLE DETAILS	**CONFIGURATION**
Black with gold-tone lines Ribbed decorative trim	Bed frame and headboard For use in a dry indoor bedroom

Overall bed measurements and the mattress opening are different. Confirm mattress fit against your written order before purchase.

Before first use

- Check the headboard, panels, trim and supplied parts for delivery damage.
- Complete the setup and mattress-fit checks on page 3 before using the bed.

CARE & MAINTENANCE

Care for panels, upholstery and trim

Keep the channels and ribbed edges free of dust, and protect the black finish from grit. Cleaning guidance must suit the fabric selected for your bed.

Upholstered channels	Use a soft upholstery brush on low suction, working gently along the vertical channels. Keep the nozzle clear of the decorative lines and trim.
Spills & fabric care	Blot spills with a clean, dry white cloth. Do not rub or soak the padding. Ask ROCO about suitable spot cleaning; do not assume the covers are removable or washable.
Black panels	Lift loose grit away before wiping with a soft microfibre cloth. Keep surfaces dry and avoid abrasive pads, solvents and unapproved furniture sprays.
Ribbed trim	Dust between the ribs with a soft, dry brush. Wipe gold-tone details gently; avoid metal polish and scrubbing, which may damage the decorative finish.
Room conditions	Keep the bed away from damp walls, wet floors, heaters and prolonged direct sunlight. Allow air to circulate around the frame and headboard.
Fittings & support	Check for looseness or movement periodically. If a joint or mattress support shifts, stop using the bed and contact ROCO before adjusting unfamiliar fittings.

PLACEMENT & SUPPORT

Setting up your Cosmo Bed

Choose a firm, level indoor floor. Leave room to walk beside the bed and keep doors and drawers clear.

Assembly & mattress fit

If delivered in sections, partial assembly is required. Follow the product-specific instructions supplied with your order. Professional assembly is recommended; installation arrangements follow your written order.

- Check supplied parts and fittings against the order instructions. Do not force joints, drill new holes or alter structural parts.
- Before placing a mattress, check that connections are secure, the mattress support is correctly fitted and any support legs rest on the floor.
- Use the mattress size specified for your bed's opening. Overall external width and length are not mattress measurements.
- Do not jump on the bed or stand on the rails or headboard. Stop using it if the frame rocks, a joint loosens or a support moves.

Moving the bed: Remove the mattress first. Do not drag the assembled frame or lift it by the upholstered headboard or trim. Ask ROCO for dismantling guidance before relocation.

Warranty guidance

Structural cover follows the confirmed construction and your order terms. Upholstery stitching/installation and hardware generally carry 12 months; fabric and indoor finish carry 6 months for covered manufacturing defects. Normal wear and damage from moisture, misuse or unsuitable cleaning are excluded. ROCO assesses claims and considers repair or affected-component replacement first.

ROCO CUSTOMER CARE

Need assistance?

Contact ROCO for help with the bed frame, upholstery, trim or supplied fittings. Stop using the bed if a concern affects its stability or safe use.

When to contact us

- Report visible delivery damage or wrong or missing items within 48 hours of delivery.
- Report fitting, levelling, alignment or missing-fitting concerns within 7 days of delivery.
- Report hidden manufacturing defects during the applicable warranty period. The initial reporting windows do not shorten that period.

What to share

Send your order or invoice number, King or Queen size, upholstery choice, delivery location and a brief explanation. Include a photo of the whole bed and close-ups of the affected area. A short video helps show movement or noise. Contact ROCO before arranging repairs or returns.
