OWNER'S MANUAL

Ripple Table

A considered companion for everyday living. A little regular care helps preserve Ripple's surface, finish and character.

Product at a glance

STANDARD SIZE W 90 x D 51 x H 35 cm (nominal)	**ASSEMBLY** Fully assembled; legs already fitted
TABLETOP Oak veneer over MDF	**LEGS** Solid kikar wood
FINISH Matt PU finish	**PLACEMENT** Dry, level indoor surface

Standard size shown. Your written order confirms any custom dimensions, materials and finish.

Before first use

- Unwrap carefully, keeping blades away from the finished surfaces. Check the tabletop, edges and legs before use.
- Place on a dry, level surface. If it rocks or appears damaged, contact ROCO before using it.

Everyday use

- Use as a coffee table. Do not sit, stand or jump on it, or use it as a step.
- Lift when moving. Ask for help if needed; do not drag the legs across the floor.

CARE & MAINTENANCE

Protect the surface. Keep its character.

The tabletop combines real oak veneer with an MDF core. Gentle cleaning and protection from moisture help care for this mixed construction.

Daily dust	Use a soft, clean, dry cloth. Remove grit before wiping so it does not scratch the finish.
Marks & spills	Use a slightly damp cloth for light marks and dry immediately. Blot spills promptly; keep standing water away from edges and joints.
Heat & objects	Use coasters under drinks and a protective mat under hot dishes. Avoid sliding rough or sharp items over the tabletop.
Cleaning products	Avoid abrasive pads, solvents and harsh chemicals. Do not soak the surface or apply an unapproved polish or treatment.
Legs & finish	Wipe legs gently and keep joints dry. If the finish is damaged or a joint moves, pause use and ask ROCO for guidance.

PLACEMENT & SUPPORT

Use it well. Care for it simply.

Ripple is intended for indoor use. Leave comfortable walking space around its free-form outline and keep the table clear of damp areas.

Important precautions

- Keep away from prolonged direct sunlight, excessive heat and sources of moisture.
- Supervise children around furniture. Do not allow climbing or play on the tabletop.
- The legs arrive fitted. Do not dismantle, drill or repair the table without guidance from ROCO.

Warranty guidance

For the standard mixed-construction Ripple Table, structural manufacturing and ROCO workmanship defects are covered for 12 months. Eligible manufacturing defects in the veneer and PU finish are covered for 6 months.

Coverage is subject to the ROCO Confidence Warranty and the written terms confirmed for your order. Normal wear, moisture damage, unsuitable cleaning and misuse are excluded. Contact ROCO for assessment before arranging a repair.

For a custom build, retain the specification and applicable terms confirmed with your order. This guide does not replace that written record.

ROCO CUSTOMER CARE

Need assistance?

Contact us if something does not look, feel or perform as expected. Clear information helps us assess the concern.

When to contact us

- Report visible transit damage, a wrong item or a major visible delivery concern within 48 hours of delivery.
- Stop use and contact ROCO if the table becomes unstable, a joint loosens or a surface develops unexpected damage.
- Report a manufacturing or workmanship concern during the warranty period applicable to your order.

What to share

Share your order or invoice number, product name, clear photographs of the complete piece and affected area, and a short video if the concern involves movement or noise.
