BED FRAME Solid Sheesham structural frame Raised base; exposed wooden legs	**HEADBOARD** Rounded wooden surround Woven cane panels
INCLUDED 1 bed frame with headboard Parent SKU: CCB-415	**ASSEMBLY** Partial assembly required Follow ROCO's instructions

Before first use

- Unpack carefully and check sections and fittings against your order. Keep blades and sharp tools away from the wood and cane.
- Follow ROCO's workshop instructions for partial assembly. If parts or instructions are missing, contact ROCO before continuing.
- Check all required supports and fittings before use. Overall bed sizes are not mattress-fit measurements; confirm compatibility.

Everyday use

- Do not jump on the bed, climb on the headboard or place concentrated pressure on the woven cane panels.
- Lift structural sections with sufficient help. Never drag or lift by the headboard; ask ROCO about dismantling before relocation.

CARE & MAINTENANCE

Care for wood and cane

Care for the Sheesham frame, woven headboard and selected finish gently. The mattress is separate; follow its own care instructions. Ask ROCO before applying treatments to the wood or cane.

Wood frame	Dust with a soft, dry cloth. For light marks, use a barely damp cloth only as needed and dry immediately. Check with ROCO before applying polish or oils.
Woven cane	Remove dust with a soft brush. Avoid soaking, scrubbing or steaming the weave. Keep sharp objects away; do not pull or press hard on cane sections.
Spills & cleaners	Blot spills promptly and dry the affected surface. Do not leave liquid around joints. Avoid bleach, solvents, abrasive pads and harsh cleaning products.
Placement	Keep the bed indoors, away from damp walls, standing water, direct heat and prolonged sunlight. Keep the surrounding floor dry and the room ventilated.
Movement	Never drag the bed or lift it by the headboard. Ask ROCO for dismantling guidance before moving it. Use sufficient help to lift the structural sections.
Bed fittings	Check fittings periodically. If joints loosen, supports shift or the frame becomes unstable, stop using the bed and contact ROCO for adjustment guidance.

PLACEMENT & SUPPORT

Use your bed with care.

Use the bed indoors on a dry, level surface. Allow comfortable access around the selected King or Queen frame.

Important precautions

- Keep the bed away from damp walls, water sources, heaters, open flames and prolonged direct sunlight.
- Do not let children climb the headboard or play with fittings. Protect the cane from sharp objects and concentrated pressure.
- Use supplied or ROCO-approved fittings. Do not force connections, overtighten or alter structural parts to make them fit.
- If a joint loosens, a support shifts or the frame becomes unstable, stop using the bed and contact ROCO before further use.

Warranty guidance

Coverage under the ROCO Confidence Warranty normally starts at delivery and follows your written order. Eligible solid Sheesham load-bearing structure and joints carry 24-month cover; installed standard bed hardware carries 12 months; and ROCO-applied indoor finishes carry 6 months for covered manufacturing defects. Other component terms follow the applicable written order.

Normal wear, wood variation, scratches, fading and damage from moisture, misuse, improper handling or unsuitable cleaning are generally excluded. Claims are assessed before adjustment, repair or replacement of the affected component. Do not arrange unauthorised repair or return the bed without ROCO’s instructions.

ROCO CUSTOMER CARE

Need assistance?

Contact ROCO if the bed does not look, feel or perform as expected. Your order details and clear photographs help us assess the concern.

When to contact us

- Report visible transit damage or wrong/missing items within 48 hours of delivery.
- Report installation, levelling, alignment or missing-fitting concerns within 7 days. These inspection windows are not the full warranty period.
- Report hidden defects during the applicable warranty period. Stop using an unstable or damaged bed until ROCO advises you.

What to share

Share your order or invoice number, bed size and finish, delivery location and a brief explanation. Include photos of the complete bed and affected area, plus video for movement or noise. Retain your invoice.
