Set includes: 1 King bed frame, 2 two-drawer bedside tables, 1 three-drawer dresser and 2 cane chairs. Mattress sold separately.

Overall sizes shown; custom dimensions follow your order.

Before first use

- Unpack carefully, keeping blades away from cane, wood and fabric. Check supplied pieces and fittings against your order.
- Use a dry, level indoor floor. Check mattress fit before use.
- Use the bed only after assembly is complete and every supplied structural support is securely fitted.

Everyday use

- Each chair is for one person. Do not stand or jump on furniture or load the chair arms, backs or cane panels.
- Lift beneath structural frames with enough people for safe handling. Never drag or lift by drawers or cane.

CARE & MAINTENANCE

Simple care for wood, cane and fabric

Use gentle cleaning methods on both chairs. Follow the care instructions for the fabric selected for your order.

Wood and finish	Dust with a soft, dry cloth. Use a barely damp cloth for light marks, then dry. Protect tops with coasters and mats; lift objects instead of sliding them.
Woven cane	Dust with a soft brush or gentle vacuum brush. Do not soak, scrub or steam. Keep sharp objects and pressure off the weave; never lift by cane panels.
Chair upholstery	Vacuum each chair gently. Shape its seat cushion and bolsters by hand. Do not wash covers unless the selected fabric and cover construction allow it.
Spills and marks	Blot with a clean, colourfast cloth. Do not rub or saturate fabric. Wipe and dry wood promptly. Ask ROCO before treating persistent stains.
Cleaning products	Avoid bleach, solvents, abrasives and unapproved steam cleaning. Ask ROCO before applying oils, waxes or sprays to cane or finished surfaces.
Drawers and fittings	Open gently. Check for looseness or rubbing. Do not force, overtighten or replace fittings; contact ROCO for adjustment guidance.

PLACEMENT & SUPPORT

Use it with care.

Keep the set in a dry, ventilated indoor room. Allow space around the bed, for drawer opening and for both chairs.

Assembly and safe placement

- Arrange professional bed assembly with the supplied workshop instructions and fittings. This manual covers care, not assembly steps.
- Supply format and installation services follow your written order. Do not dismantle fixed chair or cabinet parts.
- Secure storage furniture with suitable anti-tip restraints. Ask ROCO or a qualified installer about wall fixings; restraints are not assumed to be included.
- Keep furniture away from damp, heaters, open flames and prolonged direct sunlight. Open one drawer at a time; do not let children climb or stand in drawers. Keep heavy stored items low.
- If a joint loosens, a support shifts, or furniture becomes unstable, stop using the affected piece and contact ROCO.

Warranty guidance

Coverage follows the ROCO Confidence Warranty and your written order. Eligible solid-wood principal structures: 24 months. Eligible cabinet assemblies, hardware, foam and upholstery workmanship: 12 months. Eligible fabric and indoor finishes: 6 months.

Normal wear, ordinary material variation, cushion softening, scratches, fading, moisture damage and misuse are generally excluded. Approved claims follow assessment and a repair-first approach.

Coverage normally begins at delivery, subject to confirmed construction and written order terms. Ask ROCO before structural alteration or repair.

ROCO CUSTOMER CARE

Need assistance?

Contact us early if a piece does not look, feel or perform as expected. Clear details help us assess the concern.

When to contact us

- Report visible transit damage, a wrong or missing item, or major visible delivery concerns within 48 hours of delivery.
- Report installation, levelling, alignment or missing-fitting issues within 7 days. These inspection windows are not the full warranty period.
- Report hidden manufacturing concerns during the applicable warranty period. Stop using an unstable or damaged piece until ROCO advises you.

What to share

Share your order number, product name, delivery location and a short description. Add photos of the full piece and affected area, plus video for movement or noise. Identify which chair is affected and retain your invoice.
