

OWNER'S MANUAL | SKU RW-456

Rattanix Wardrobe

Defined by its rounded crown, natural cane frontage and raised solid-wood base, Rattanix needs gentle care to preserve the weave, veneer and door alignment.

Product at a glance

OVERALL SIZE 85 cm W x 58 cm D x 200 cm H 33.5 in W x 22.8 in D x 78.7 in H	STORAGE 1 hanging rail 2 shelves 2 lower drawers
ASSEMBLY Delivered fully assembled	CONSTRUCTION Plywood carcass with oak veneer and solid Kikar arched framing
DOOR PANELS Natural cane webbing	LEGS Fixed solid Sheesham

Custom orders: approved dimensions, layout and finish in your written ROCO order confirmation take precedence over the standard specification.

Before first use

- Remove packaging carefully and keep blades away from the cane, veneer and finished edges.
- Place on a dry, level indoor surface and arrange suitable anti-tip anchoring for the wall type.

Everyday use

- Distribute clothing evenly and operate the handles, shelves and drawers gently.

CARE & MAINTENANCE

Care that protects the weave

Natural cane, oak veneer and solid-wood details respond best to dry, controlled care. Keep water and harsh cleaners away from the finished surfaces.

Natural cane	Dust with a soft brush or low-suction vacuum attachment. For light marks, use a barely damp cloth and dry promptly. Do not soak, scrub or pull at the weave.
Oak veneer	Dust with a soft microfiber cloth. For marks, use a barely damp cloth and dry immediately. Avoid soaking edges, heavy polish, bleach, solvents and abrasive cleaners.
Sheesham legs	Keep the fixed legs and lower frame away from standing water and wet mopping. Dry the floor before returning moisture near the base.
Arched doors	Open and close the tall doors gently to protect hinge alignment and cane tension. Keep hardware clean and do not force a door that feels misaligned.
Humidity & heat	Leave clearance from damp walls, heaters and strong direct sunlight. Natural cane, Kikar, Sheesham and veneer can show gradual tone variation with age and environment.

PLACEMENT & SUPPORT

Stable placement matters

Rattanix is intended for indoor residential use in a dry, well-ventilated setting.

Important precautions

- At approximately 200 cm high, anti-tip anchoring is strongly recommended. Use fixings suitable for the wall.
- Keep children from climbing or hanging from the doors or drawers. Never stand or sit on the wardrobe.
- Keep away from damp walls, standing water, strong heat and prolonged direct sunlight.
- Move it empty with at least two adults. Lift from the lower cabinet; never drag or lift by the doors, handles or legs.
- Do not drill, dismantle, alter hardware or arrange structural repair without ROCO guidance.

Warranty guidance

Qualifying plywood structural assemblies, solid-wood framing and standard hardware are covered for 12 months. Eligible indoor veneer and finish defects are covered for 6 months. ROCO follows a repair-first approach.

Normal wear, natural cane or wood-tone variation, moisture damage, pests, overloading, improper cleaning and unauthorised alteration are excluded. Product-specific written terms apply where confirmed.

ROCO CUSTOMER CARE

Need assistance?

Contact ROCO early if something does not look or perform as expected. Clear photos and order details help us assess the concern efficiently.

When to contact us

- Report transit damage, a wrong or missing item, or other visible delivery damage within 48 hours.
- Report installation, levelling, alignment or missing-fitting concerns within 7 days.
- Contact ROCO during the applicable warranty period for hidden manufacturing, material, hardware or workmanship concerns.

What to share

Share your order or invoice number, product name, delivery location, clear photos of the complete wardrobe and affected area, plus a short video if the concern involves movement, alignment or noise.
