

OWNER'S MANUAL

Reefline Outdoor Sofa Set

SKU ROSS-466

A four-piece outdoor lounge set with dark metal framing, solid teak accents and cushioned seating. Regular care will help keep Reefline comfortable and well presented.

Product at a glance

3-SEATER SOFA 95.7 in W x 32.7 in D x 33.9 in H 243 x 83 x 86 cm	2-SEATER SOFA 66.1 in W x 32.7 in D x 33.9 in H 168 x 83 x 86 cm
LOUNGE CHAIR 29.5 in W x 32.7 in D x 33.9 in H 75 x 83 x 86 cm	COFFEE TABLE 55.1 in W x 27.6 in D x 11.4 in H 140 x 70 x 29 cm
SEATING / SET 6 persons / 4 pieces	CONSTRUCTION / ASSEMBLY Powder-coated metal + solid teak Delivered as completed pieces

Before first use

- Remove packaging carefully and keep sharp tools away from the upholstery, teak accents and coated metal surfaces.
- Place each piece on a stable, level surface with drainage. Let the Molty foam seats and loose back cushions settle after delivery.

Everyday use

Use the seats and coffee table only for their intended purpose. Move each piece with adequate help and lift from the structure rather than dragging it across the floor.

CARE & MAINTENANCE

Care that respects each material

Fabric and finish can vary with the options confirmed for your order. Use mild methods and check with ROCO before applying an unfamiliar cleaner, oil or coating.

Cushions	Keep seat and back cushions clean and dry during extended periods of non-use. Re-shape loose back cushions by hand as needed. Some gradual softening and light impressions are normal.
Upholstery	Brush or vacuum gently with a clean upholstery attachment. Avoid harsh cleaners, bleaching agents and prolonged trapped moisture.
Spills	Blot promptly with a clean, colourfast absorbent cloth. Work from the outside inward and avoid rubbing or saturating the fabric.
Teak accents	Dust with a soft cloth. For light marks, use a barely damp cloth and dry promptly. Do not leave standing water or apply oil without checking with ROCO.
Metal frame	Wipe with a soft damp cloth and dry after cleaning. Keep water from collecting around joints and contact ROCO if the finish becomes chipped or damaged.
Coffee table	Wipe spills quickly, use coasters where practical and avoid placing very hot objects directly on the teak slats or coated metal centre section.

PLACEMENT & SUPPORT

Give Reefline room to breathe

Reefline is intended for residential outdoor seating. A stable, reasonably protected location will help preserve the upholstery, teak accents and powder-coated metal surfaces over time.

Important precautions

- Keep the set on level flooring with drainage. Do not allow standing water to remain around the base, table legs or teak surfaces.
- Keep away from open flames, excessive heat, sharp objects and aggressive chemicals. Do not allow climbing on the backs, arms or coffee table.
- During heavy rain or extended non-use, shelter the set where practical and store cushions clean and dry. Do not cover the furniture while it is still wet.
- Do not drill, dismantle, modify or arrange structural repair without ROCO guidance. Stop using any piece that becomes unstable or develops unusual movement.

Warranty guidance

Reefline is supported by the ROCO Confidence Warranty and the written terms confirmed with your order. Eligible outdoor principal frame and structural joinery normally carry 12 months of coverage; eligible outdoor cushions and covers, applied finish and hardware normally carry 6 months against verified manufacturing or workmanship defects.

Normal wear, gradual cushion softening, fading, stains, standing water, prolonged moisture exposure, misuse and unauthorised modification are not normally manufacturing defects. Written order terms apply.

ROCO CUSTOMER CARE

Need help with your Reefline?

Contact ROCO early if something does not look, feel or perform as expected. Clear photos and accurate order details help the team assess the concern efficiently.

When to contact us

- Report visible transit damage, an incorrect item or another major visible delivery concern within 48 hours of delivery.
- Stop using an affected piece and contact ROCO if it becomes unstable or develops unusual movement, noise or another safety concern.
- Report a hidden manufacturing, material or workmanship concern during the warranty period applicable to your order.

What to share

Share your order or invoice number, product name, clear photographs of the complete set and affected area, and a short video if the concern involves movement, noise or function.
