Before first use

- Remove packaging carefully. Keep blades, tools and rough materials away from the polished Sheesham and veneered panel surfaces.
- Assemble on a dry, level indoor surface using the supplied fittings. Check legs, side tables, hardware and overall stability before use. Report visible delivery concerns within 48 hours.

Everyday use

- Use the bed for normal sleeping and sitting. Do not stand, jump or climb on the headboard, footboard, frame or bedside tables.
- Before moving the set, empty the bedside tables and lift from the lower frame with several people. Never drag the bed or lift it by the headboard, footboard or turned legs.

CARE & MAINTENANCE

Care that matches Aldren's build

The selected stain or polish may have its own care requirements. If unsure, contact ROCO before using a cleaner, wax, oil or conditioning product.

SHEESHAM FRAME Dust with a soft, dry microfiber cloth. For light marks, use a barely damp cloth and dry immediately.

PANEL DETAILS Use a soft cloth or brush around the framed headboard, footboard, moulded edges and turned legs. Avoid abrasive pads.

VENEERED PANELS Wipe spills quickly and keep panel edges, joints and bedside-table tops dry.

FINISH CARE Avoid bleach, thinner, acetone, abrasive polish and strong furniture sprays unless ROCO confirms they suit the finish.

SIDE TABLES Use coasters under drinks. Avoid hot or wet objects and do not overload or force the drawers.

FITTINGS Check accessible frame fittings, turned legs and drawer runners. If movement or unusual noise develops, stop use and contact ROCO.

PLACEMENT & SUPPORT

Use it well.

Aldren is intended for indoor residential use in a dry, well-ventilated setting.

Important precautions

- Keep the bed away from damp walls, water sources, heaters, open flames and prolonged direct sunlight.
- Do not let children climb on the headboard or footboard, or sit or stand on bedside tables or open drawers.
- Do not drill, modify, refinish or arrange third-party structural repair without ROCO guidance. Stop use if the bed becomes unstable or develops persistent noise.

Warranty guidance

Aldren's coverage follows its actual construction, so the solid Sheesham frame, veneered panel sections, side-table hardware and finish each carry their own applicable period.

SHEESHAM FRAME	Aldren's solid Sheesham frame, rails, joints and turned legs: up to 24 months for eligible structural or workmanship defects.
PANEL SECTIONS	MDF/plywood beneath the Sheesham veneer in the headboard and footboard: up to 12 months for eligible manufacturing or assembly defects.
SIDE TABLE HARDWARE	Drawer slides, handles and fitted hardware: up to 12 months .
 veneer & polish	Eligible veneer lifting, peeling or premature finish failure: up to 6 months .

Natural Sheesham grain variation, normal wear, scratches, moisture damage, pests, misuse and unauthorized repairs are not manufacturing defects.

ROCO CUSTOMER CARE

Need assistance?

Contact us early if something does not look, feel or perform as expected. Clear information helps ROCO assess the concern more quickly.

When to contact us

- Report visible transit damage, a wrong item or a missing major component within 48 hours of delivery.
- Contact ROCO promptly for initial levelling, alignment, fitting, stability or bedside-table drawer concerns.
- Contact ROCO if the bed develops persistent movement or noise, the finish shows an unexpected manufacturing issue, or fitted hardware stops operating normally during the applicable warranty period.

What to share

Share your order or invoice number, product name, selected size and finish, clear photos of the complete bed and affected area, plus a short video for movement, noise, alignment or drawer issues.
