STORAGE Two integrated under-bed drawers	ASSEMBLY Delivered in parts; assembly required
FINISH OPTIONS Natural Wood / Deep Brown	MATTRESS Not included

Before first use

- Remove packaging carefully. Keep blades and sharp tools away from finished wooden surfaces.
- Place the bed on a dry, level indoor surface with clearance for both drawers. Check the finish, side tables, drawer movement and alignment before loading the bed. Report visible delivery concerns within 48 hours and initial alignment or installation concerns within 7 days.

Everyday use

- Use the bed for normal sleeping and sitting. Do not stand, jump or climb on the headboard, frame or open drawers.
- Open drawers smoothly and avoid overloading or forcing them. Before moving the set, empty the drawers and side tables and lift from the lower frame with several people; never drag the bed or lift it by the headboard or drawer fronts.

CARE & MAINTENANCE

Simple care for lasting wood character

The finish selected for your order may have its own care requirements. When in doubt, contact ROCO before applying any cleaning, polishing or conditioning product.

Fluted headboard	Dust the vertical grooves with a soft microfiber cloth or gentle brush. Work lightly along the fluting rather than across it.
Wood surfaces	Dust regularly with a soft, dry cloth. For light marks, use a barely damp cloth and dry the surface immediately.
Spills	Wipe promptly with a clean absorbent cloth. Do not allow liquid to sit in grooves, joints, drawer fronts or around hardware.
Finish care	Avoid bleach, solvents, abrasive cleaners, polish sprays and excessive water. Do not apply wax or oil unless ROCO confirms it is suitable for your finish.
Drawers	Keep the drawer path clean and dry. Open and close evenly, do not overload, and never force a drawer that has become resistant.
Side tables	Use coasters under drinks and wipe spills promptly. Do not sit or stand on the tables, and avoid overloading the drawers.

PLACEMENT & SUPPORT

Use it well.

The Caldrin is intended for indoor residential use in a dry, well-ventilated setting.

Important precautions

- Keep the bed away from damp walls, water sources, heaters, open flames and prolonged direct sunlight. Leave enough clearance for both under-bed drawers to operate freely.
- Do not allow children to climb on the headboard or play in open drawers. Do not sit or stand on an open drawer.
- Do not drill, modify, refinish or arrange third-party repair without ROCO guidance. If the bed becomes unstable or develops persistent movement or noise, stop use and contact ROCO.

Warranty guidance

The Caldrin Fluted Bed Set is supported by the ROCO Confidence Warranty and the product-specific terms confirmed with your order.

FRAME & JOINERY	Eligible principal structural components may receive coverage of up to 24 months, depending on the construction confirmed with your order.
DRAWERS & HARDWARE	Applicable drawer slides, fittings and hardware may be covered for eligible defects for up to 12 months.
WOOD FINISH	Eligible manufacturing defects affecting the applied indoor finish may be covered for up to 6 months.

Normal wear, scratches, moisture damage, accidental damage, misuse and unauthorised repair are not manufacturing defects. ROCO normally assesses the affected component first.

ROCO CUSTOMER CARE

Need assistance?

Contact us early if something does not look, feel or perform as expected. Clear information helps us assess the concern more quickly.

When to contact us

- Report visible transit damage, a wrong item or a missing major component within 48 hours of delivery.
- Report installation, levelling, alignment, missing fitting or initial drawer-operation concerns within 7 days of delivery.
- Contact ROCO if the bed becomes unstable, a drawer becomes difficult to operate, or you notice persistent movement or noise. Hidden manufacturing concerns can be reported during the applicable warranty period.

What to share

Please share your order or invoice number, the product name, selected size and finish, clear photographs of the complete bed and affected area, and a short video if the concern involves movement, noise or drawer operation.
