

OWNER'S MANUAL

Kelden Linea Bed Set

A clean wooden bed set defined by a slim rectangular headboard, elevated frame and warm wood character. Product-specific care will help protect the finish, joinery and raised-leg construction over time.

Product at a glance

SET INCLUDES	SIZES
1 Kelden Linea Bed + 2 matching side tables	King: 72 in W x 78 in L x 40 in H Queen: 66 in W x 78 in L x 40 in H
ASSEMBLY	HEADBOARD
Delivered in parts; assembly required after delivery	Slim rectangular wooden panel with a clean framed profile
FRAME	MATTRESS
Raised wooden frame; approx. 13 in frame height and 6 in floor clearance	Not included

Before first use

- Remove packaging carefully. Keep blades, tools and rough materials away from finished wood, headboard edges, legs and bedside-table surfaces.
- Assemble on a dry, level floor. Align the headboard, side rails, legs and support components before tightening the supplied fittings evenly; do not overtighten.
- After assembly, check the frame, side tables and visible joints for level, alignment and stability. Report visible delivery concerns within 48 hours.

Everyday use

- Use the bed for normal sleeping and sitting. Do not stand, jump or climb on the slim headboard, side rails or bedside tables.
- Before moving the bed, remove the mattress and lift from the lower frame with several people. Never drag the bed or use the headboard as a lifting point.

CARE & MAINTENANCE

Care for the wood, legs and clean lines

Kelden relies on a simple wooden profile and exposed raised legs, so surface care and stable support matter more than heavy maintenance.

WOOD GRAIN	Dust with a soft, dry microfiber cloth, following the grain. For light marks, use a barely damp cloth and dry immediately.
HEADBOARD	Wipe gently across the flat panel and framed edges. Avoid hard knocks, sharp objects and repeated pressure on the slim upper edge.
SPIILLS & RINGS	Wipe liquids promptly. Use coasters on the side tables and never leave wet glasses, bottles or damp cloths on finished wood.
RAISED LEGS	Keep the floor level and avoid striking the exposed legs with vacuum heads, mops, luggage or heavy objects.
FLOOR CLEARANCE	Keep the space beneath the frame dry and free of objects that can press against the legs or centre supports.
SIDE TABLES	Open drawers straight and gently. Do not overload drawers or tops beyond normal bedside use; wipe moisture promptly.
FITTINGS	Recheck accessible fittings after the first few weeks of use and periodically thereafter. Tighten gently if needed; stop use if instability or persistent noise develops.

PLACEMENT & SUPPORT

Use it well.

The Kelden Linea Bed Set is intended for indoor residential use in a dry, well-ventilated setting.

Important precautions

- Keep the bed away from damp walls, water sources, heaters, open flames and prolonged direct sunlight. Uneven moisture and strong heat can affect wood and applied finishes.
- Do not allow children to climb on the headboard, frame or side tables. Avoid concentrated impact on the slim legs, frame corners and headboard edges.
- Do not drill, cut, refinish, structurally modify or arrange third-party repair without ROCO guidance. If the bed becomes unstable or develops persistent noise, stop use and contact ROCO.

Warranty guidance

The Kelden Linea Bed Set is supported by the [ROCO Confidence Warranty](#) and the product-specific terms confirmed with your order.

STRUCTURE	Coverage follows the construction confirmed with your order. A qualifying principal solid-wood structure may receive up to 24 months; manufactured, engineered or mixed structural assemblies generally receive 12 months.
HARDWARE & FITTINGS	Eligible bed fittings, support hardware, side-table hardware and related functional components may be covered for up to 12 months.
WOOD FINISH	Eligible manufacturing-related defects affecting ROCO-applied stain, polish, lacquer, veneer or surface finish may be covered for up to 6 months.

Normal wear, gradual finish changes, minor scratches, moisture damage, misuse, accidental damage, pest damage and unauthorized repair or modification are not manufacturing defects. ROCO assesses the affected component first.

ROCO CUSTOMER CARE

Need assistance?

Contact us early if something does not look, align or perform as expected. Clear photos and a short video usually help us assess the concern faster.

When to contact us

- Report visible transit damage, a wrong item or a missing major component within 48 hours of delivery.
- Report assembly, levelling, alignment or missing-fitting concerns within 7 days so they can be checked promptly.
- Contact ROCO if the bed develops persistent movement or noise, a fitting stops working normally, or the finish shows an unexpected manufacturing issue during the applicable warranty period.

What to share

Please share your order or invoice number, the product name, selected size and finish, clear photographs of the complete bed and affected area, and a short video if the concern involves movement, noise or alignment.
