

OWNER'S MANUAL

Nolven Softline Bed Set

Designed around a softly padded split headboard, slim upholstered frame and elevated metal legs. Simple care will help preserve the Nolven's fabric, structure and clean-lined character.

Product at a glance

SET INCLUDES	SIZES
1 Nolven Softline Bed + 2 matching bedside tables; mattress not included	King: 72 in W x 78 in L x 38 in H Queen: 66 in W x 78 in L x 38 in H
HEADBOARD	FRAME
Split padded headboard, approx. 38 in H	Slim upholstered frame with elevated dark metal legs
UPHOLSTERY	ASSEMBLY
ROCO fabric and colour confirmed with order	Delivered in parts; assembly required after delivery

Before first use

- Remove packaging carefully. Keep blades and rough materials away from the upholstery, piping and finished metal surfaces.
- Assemble the bed on a dry, level surface using the supplied fittings. Fit the side rails, support system, headboard and legs evenly; do not force or overtighten hardware.
- After assembly, check the split headboard, frame, centre support, legs and bedside tables for alignment and stability. Report visible delivery concerns within 48 hours.

Everyday use

- Use the bed for normal sleeping and sitting. Lean against the padded headboard gently; do not stand, jump or climb on the frame or bedside tables.
- When moving the set, empty the bedside tables and lift from the lower frame with several people. Never drag the bed or lift it by the headboard or slim legs.

CARE & MAINTENANCE

Simple care for lasting softness

Nolven uses light upholstery, piped split-headboard panels and slim metal legs. Care for each surface gently so the tailored edges, colour and proportions stay clean and even.

Light upholstery

Vacuum with a soft brush at low suction, especially where bedding and hands touch the fabric. Avoid prolonged contact with dark-dye clothing, hair oils or creams that can mark lighter upholstery.

Split headboard

Clean along the piping, centre split and panel edges with a soft brush. Support the padded edge while cleaning; do not pull the piping or press the corners sharply.

Spills

Blot immediately with a clean white absorbent cloth. Do not rub or soak the padding. Allow the area to air-dry fully before pillows or bedding touch it.

Lower frame

Dust the upholstered side and foot rails regularly. For light contact marks, use a barely damp white cloth after testing a hidden area; never saturate the fabric.

Side tables

Vacuum upholstered surfaces gently and use drawer handles rather than pulling on the fabric. Keep wet glasses, hot items, oils and cosmetics off the top surface.

Metal legs & fittings

Wipe the dark metal legs with a soft dry or barely damp cloth, then dry at once. Keep the bed level and check accessible fittings if movement or noise develops.

PLACEMENT & SUPPORT

Use it well.

The Nolven is intended for indoor residential use in a dry, well-ventilated setting.

Important precautions

- Keep the bed away from damp walls, water sources, heaters, open flames and prolonged direct sunlight. Heat, moisture and strong light can affect upholstery and applied finishes.
- Do not allow children to climb on the headboard or frame, or sit or stand on bedside tables or open drawers.
- After normal assembly, do not drill, cut, reupholster or arrange third-party structural repair without ROCO guidance. If the frame, headboard or slim legs develop persistent movement or noise, stop use and contact ROCO.

Warranty guidance

The Nolven Softline Bed Set follows the ROCO Confidence Warranty and the product-specific terms confirmed with your order.

FRAME & SUPPORT	Qualifying solid-wood structural components: up to 24 months. Engineered or mixed structural assemblies: generally 12 months, unless different written terms apply.
UPHOLSTERY & FITTINGS	Eligible upholstery workmanship, bedside-table fittings, drawer hardware and standard functional hardware: up to 12 months.
FABRIC & FINISH	Eligible ROCO-supplied fabric defects and ROCO-applied metal finish defects: up to 6 months.

Normal wear, gradual softening, fading, colour transfer, stains, moisture damage, misuse, accidental damage and unauthorized repair are not manufacturing defects. ROCO assesses the affected component first.

ROCO CUSTOMER CARE

Need assistance?

Contact us early if something does not look, feel or perform as expected. Clear information helps us assess the concern more quickly.

When to contact us

- Report visible transit damage, a wrong item or a missing major component within 48 hours of delivery.
- Contact ROCO promptly if assembly hardware is missing, the bed will not level correctly, or a bedside-table drawer does not align or operate smoothly.
- Contact ROCO if the bed develops persistent movement or noise, the upholstery or finish shows an unexpected manufacturing issue, or a fitting stops operating normally during the applicable warranty period.

What to share

Please share your order or invoice number, the product name, selected size and upholstery, clear photographs of the complete bed and affected area, and a short video if the concern involves movement, noise, alignment or drawer operation.
