

OWNER'S MANUAL

Veyran Wooden Storage Bed Set

A wide-headboard wooden bed built around joined bedside units and two under-bed drawers. Proper alignment, smooth drawer travel and dry wood surfaces are the key care points for this design.

Product at a glance

SET INCLUDES	SIZES
1 Veyran Wooden Storage Bed + 2 integrated bedside units	King: 104 in W x 78 in L x 34 in H Queen: 98 in W x 78 in L x 34 in H
ASSEMBLY	HEADBOARD
Delivered in parts; assembly required after delivery	Wide panel headboard with joined bedside sections
STORAGE	MATTRESS
Two integrated under-bed drawers	Not included

Before first use

- Remove packaging carefully. Keep blades and metal edges away from drawer fronts, headboard panels and finished bedside surfaces.
- Assemble on a dry, level floor. Align the headboard sections, bedside units, frame and drawer components before tightening fittings evenly.
- After assembly, check drawer travel, bedside-unit stability, headboard alignment and frame level. Report visible delivery concerns within 48 hours.

Everyday use

- Open drawers straight and gently. Clear any obstruction instead of forcing movement.
- Do not sit or stand on the integrated bedside units. Before moving, empty drawers, remove the mattress and lift from the lower frame with several people.

CARE & MAINTENANCE

Care for the wide headboard, drawers and joined side units

Veyran combines a broad finished-wood headboard with fixed bedside sections and moving drawers, so dry surfaces, even loading and straight drawer movement matter more than heavy cleaning.

HEADBOARD PANELS

Dust the broad panel sections and framed edges with a soft, dry microfiber cloth or soft brush, following the grain. Clear dust from the recessed panel joins rather than letting it build up.

INTEGRATED SIDE UNITS

Use coasters under drinks and wipe condensation immediately. Do not pull the bed by the bedside units or use them as seats, steps or lifting handles.

DRAWER MOVEMENT

Keep the drawer path clear of loose bedding and dust. Open and close each drawer straight, without twisting or forcing. Stop use if a drawer repeatedly catches or becomes uneven.

DRAWER LOADING

Distribute folded bedding and light bedroom items evenly. Avoid concentrated heavy loads near the drawer front or on one side of the drawer.

WOOD FINISH

For light marks, use a barely damp cloth and dry immediately. Avoid bleach, solvent cleaners, abrasive pads, excess water and unapproved furniture treatments.

JOINED SECTIONS

Check accessible connection points between the headboard, bedside units and bed frame after the first few weeks. Tighten gently only if needed; do not overtighten.

MOVING THE BED

Empty drawers and bedside compartments first. Remove the mattress and lift from the lower bed frame with several people; never drag the joined headboard assembly.

PLACEMENT & SUPPORT

Use it well.

The Veyran Wooden Storage Bed Set is intended for indoor residential use in a dry, well-ventilated room with enough clearance for the wide headboard and full drawer opening.

Important precautions

- Leave a small air gap behind the wide headboard instead of pressing it tightly against a damp wall. Keep the bed away from water sources, heaters, open flames and prolonged direct sunlight.
- Keep the drawer-opening area clear. Do not allow children to climb on the headboard, integrated bedside units or open drawers, and never sit or stand on a drawer front.
- Do not drill, cut, refinish, structurally modify or arrange third-party repair without ROCO guidance. If a joined section loosens or drawer movement becomes persistently uneven, stop use and contact ROCO.

Warranty guidance

The Veyran Wooden Storage Bed Set is supported by the ROCO Confidence Warranty and the product-specific terms confirmed with your order.

STRUCTURE	Coverage follows the construction confirmed with your order. A qualifying principal solid-wood structure may receive up to 24 months; manufactured, engineered or mixed structural assemblies generally receive 12 months.
DRAWERS & HARDWARE	Eligible drawer slides, handles, catches, support hardware and related functional fittings may be covered for up to 12 months against verified manufacturing or mechanical defects.
WOOD FINISH	Eligible manufacturing-related defects affecting ROCO-applied stain, polish, lacquer, veneer or surface finish may be covered for up to 6 months.

Normal wear, gradual finish change, minor scratches, moisture damage, overloading, forced drawer use, pests, misuse, accidental damage and unauthorized repair or modification are not manufacturing defects. Natural grain and shade variation are not automatically defects.

ROCO CUSTOMER CARE

Need assistance?

Contact us early if something does not look, align or move as expected. Clear photos and a short video usually help us assess drawer, fitting or alignment concerns faster.

When to contact us

- Report visible transit damage, a wrong item or a missing major component within 48 hours of delivery.
- Report assembly, headboard alignment, integrated bedside-unit alignment or missing-fitting concerns within 7 days so they can be checked promptly.
- Contact ROCO if a drawer repeatedly catches, becomes uneven or noisy, a joined section loosens, or the finish shows an unexpected manufacturing issue during the applicable warranty period.

What to share

Please share your order or invoice number, the product name, selected size and finish, clear photographs of the complete bed and affected area, and a short video if the concern involves drawer movement, noise or alignment.
