OWNER'S MANUAL

Maroven Cane Grid Bed Set

Natural cane panels, solid Sheesham framing and tapered legs give Maroven its mid-century identity. Simple dry care helps protect the cane weave and wood finish.

Product At A Glance

BED SIZES King: 72 in W x 78 in L x 41 in H Queen: 66 in W x 78 in L x 41 in H	**CONSTRUCTION** Seasoned solid Sheesham frame Natural woven cane panels
CANE DETAIL Headboard + footboard inserts Cane-front bedside detailing	**SET CONTENTS** 1 bed 2 matching bedside tables
PROFILE Raised platform frame Tapered wooden legs	**DELIVERY** Separate components Assembly required after delivery

Before First Use

- Remove packaging carefully and keep blades away from the natural cane and finished wood.
- The bed is supplied in separate components. Assembly is required after delivery; assembly service is not included.
- Assemble on a clean, level floor and secure all fittings before placing the mattress or loading the bedside drawers.

Everyday Use

- Use the correct mattress size and avoid sitting, standing or pressing directly on the cane headboard or footboard.
- Open bedside drawers by the fitted hardware; never pull or lift them by the woven cane fronts.

CARE & MAINTENANCE

Care For Cane And Wood

Maroven combines natural cane with finished Sheesham wood. Gentle dry cleaning and careful handling help the weave stay neat and the timber finish remain even.

Natural Cane	Lift dust with a soft brush or low-suction vacuum. Work with the weave rather than scrubbing across it.
Moisture	Keep the cane dry. If moisture reaches the weave, blot gently and allow it to air-dry; never soak or steam-clean it.
Sheesham Frame	Use a soft dry cloth for routine dusting. For light marks, use a barely damp cloth and dry the wood immediately.
Wood Finish	Use only a mild furniture polish approved for finished wood. Avoid abrasive pads, strong solvents and silicone-heavy products.
Bedside Fronts	Use the drawer hardware when opening or closing. Keep liquids and concentrated pressure away from the cane fronts.
Movement	Empty the bedside units, dismantle the bed and lift from solid wood sections. Never pull the furniture by a cane panel.

PLACEMENT & SUPPORT

Set It Well.
Protect The Cane.

Maroven is intended for dry indoor residential use. Natural cane needs airflow and protection from moisture, sharp objects and concentrated pressure.

Important Precautions

- Keep the bed away from damp walls, water sources, heaters, open flames and prolonged direct sunlight.
- Do not let children climb on the headboard or footboard. Keep pets, buckles and sharp objects away from the cane weave.
- Do not drill, re-cane, dismantle or arrange structural repair without written guidance from ROCO.
- If a cane panel loosens, the frame becomes unstable, or a drawer develops persistent resistance, stop using the affected part and contact ROCO.

Warranty Guidance

Your Maroven is covered according to the components confirmed with your order. Qualifying solid Sheesham frame and joinery may receive up to 24 months; plywood bedside construction and drawer runners up to 12 months; and veneer or indoor wood finish up to 6 months.

Natural cane fitting or workmanship concerns are assessed against the final product specification. ROCO normally begins with inspection, adjustment, repair or replacement of the affected component where coverage applies.

Everyday wear, surface marks, fading, moisture exposure, cane damage from impact or pulling, misuse and unauthorised repair are not manufacturing defects. Report visible delivery concerns within 48 hours.

ROCO CUSTOMER CARE

Need Assistance?

Contact us early if the bed, cane work or bedside storage does not look, feel or perform as expected. Clear photos and order details help us assess the concern more quickly.

When To Contact Us

- Report visible transit damage, a wrong item or a major delivery concern within 48 hours of delivery.
- Stop using the affected section if the bed becomes unstable, a cane panel loosens, or a drawer develops unusual movement or noise.
- Report a hidden manufacturing, material or workmanship concern during the warranty period applicable to your order.

What To Share

Please share your order or invoice number, the product name, clear photographs of the complete bed set and the affected area, and a short video if the concern involves movement, drawer action or structural noise.
