CARE & MAINTENANCE

Care For Bouclé And Piped Edges

Solenne's looped upholstery, headboard seam and covered frame need gentle, regular care. Follow the cleaning instructions supplied for the selected fabric.

LIGHT CLEANING

Use a soft upholstery brush or low-suction vacuum. Work gently around the piping and centre seam.

FABRIC LOOPS

Avoid sharp objects, rough fasteners and pulling at any snag. Do not brush or scrub aggressively.

SPILLS

Blot immediately with a clean, absorbent cloth. Do not soak, rub or apply unapproved cleaning solutions.

HEADBOARD

Dust the panel seam and edges with care. Do not pull the piping or lean heavy items against the panels.

BEDSIDE TABLES

If supplied, open drawers by their handles. Keep upholstered fronts dry and avoid overloading them.

MOVING

Lift from sound structural sections. Do not drag the bed or pull it by the headboard or fabric.

PLACEMENT & SUPPORT

Set It Well. Keep It Secure.

Solenne is intended for indoor residential use on a level, dry floor. Allow comfortable access to both sides and space around its upholstered edges.

Placement & Assembly

- Check room access and the complete bed footprint: King 72 x 78 in or Queen 66 x 78 in; both are 42 in high.
- Have the bed assembled as agreed with ROCO. Check the mattress supports and all fittings before use.
- Keep the upholstered frame away from damp walls, excessive heat and prolonged direct sunlight.
- Do not jump on the bed or apply concentrated pressure to the headboard panels. Stop use if a fitting becomes loose.

Warranty Guidance

The **ROCO Confidence Warranty** covers qualifying defects by component. The frame category depends on its confirmed construction; upholstery workmanship, fabric and hardware follow their applicable terms.

ROCO may inspect, adjust, repair or replace an affected component where coverage applies. Normal wear, stains, snags, fading, moisture damage and misuse are excluded.

Your order confirmation governs product-specific coverage. See roco.pk/warranty-policy/ for the full policy.

ROCO CUSTOMER CARE

Need Assistance?

If the bed feels unstable, the upholstery develops a problem or a supplied bedside drawer stops working smoothly, contact ROCO with your order details and clear photographs.

When To Contact Us

- Report visible transit damage, missing pieces or an incorrect item within 48 hours of delivery.
- Stop using any affected component if the bed is unstable, a fitting loosens or a drawer binds repeatedly.
- Report suspected manufacturing defects during the applicable component warranty period.

What To Share

Please provide your order or invoice number, selected size and colour, delivery details and photographs of the affected area. A short video is helpful for movement or noise concerns.
